

The school district boundaries displayed on this map were created as a result of a boundary review conducted prior to the March and April 2004 elections. The Michigan Center for Geographic Information (MCGI), the Michigan Center for Geographic Information (MCGI), and the U.S. Census Bureau, in cooperation with each school district and intermediate school district (ISD) in Michigan, conducted a boundary review of all school districts in the state. Boundaries shown by the districts were verified and all the school districts had the opportunity to review and comment on the map.

Information provided is accurate to the best of our knowledge and is subject to change as a result of a boundary review conducted prior to the March and April 2004 elections. While MCGI makes every effort to provide the most accurate information, we do not warrant the information to be authoritative. Complete, current, or timely information is provided as an "as is" and "as available" basis. The State of Michigan disclaims any liability, loss, injury, or damage resulting from the use and application of any of the contents of this map.

Please feel free to contact MCGI with questions regarding the boundary mapping process. However, it should be noted that school districts and ISDs are the official authorities regarding their district boundaries. If you believe that there may be an error in a boundary, please contact the appropriate school district or ISD for verification and possible resolution. MCGI will welcome the opportunity to incorporate authorized boundary changes into our map information when received.
